

# RMC Research & Education Foundation

[WWW.RMC-FOUNDATION.ORG](http://WWW.RMC-FOUNDATION.ORG)

The RMC Research & Education Foundation is a lasting resource for increasing quality, professionalism, and sustainability in the ready mixed concrete industry by funding and implementing research and education programs.

**\$21.2 Million INVESTED in 77 Projects Over 30 Years**

**\$300M SAVED Annually**

Approximately \$300M is saved annually in materials and disposal costs, as well as increased environmental stewardship, through the reuse of crushed concrete as aggregate based on a study conducted by NRMCA's Laboratory.

**Performance & Quality EMPHASIZED**

The Foundation has funded a host of research papers, guides, and educational programs to advance concrete quality and the adoption of performance-based specifications, directly supporting the Prescriptive-to-Performance (P2P) initiative.

**LARGEST CIM Donor**

With nearly \$1M invested, the Foundation is one of the largest single donors to the CIM program.

**MIT CSHub Deliverables IMPLEMENTED**

MIT CSHub research, tools and international communications platform implemented to support Build With Strength, Pave Ahead, and P2P promotion and advocacy efforts, and to assist the industry's advancements on carbon reduction.

**1,000 VIEWS per Month**

The video *A Day in the Life of a Driver* continues to amass 1,000 views EVERY month.

**112,000CY CONVERTED**

The popular *Guide to Concrete Overlays of Asphalt Parking Lots* has contributed to the conversion of over 112,000CY that we know about. This figure translates to a value of \$12.4M to the concrete industry and \$28.6M to the broader concrete construction industry. This guide, as well as its sister publication the *Guide to Concrete Trails*, have directly supported the Pave Ahead initiative.

**Thousands TRAINED**

From over 2,000 Plant Certification attendees to over 3,000 online safety series participants, as well as the Certified Concrete Sales Professional program, previous concrete courses, development of the Supervisor Workshop, Spanish language texts and more, the Foundation has contributed to the training of THOUSANDS of industry professionals over the last 30 years.

*"The Guide to Concrete Trails is a publication that should be in every concrete promoter's toolbox. This publication is not only beneficial for concrete trail promotion. I have provided copies of the Guide to decisionmakers and contractors alike, because it has proven to be a valuable resource for anyone involved in the trail development process from planning and design to constructing and maintaining concrete trails."*

~ SCOTT OLIN | PRESIDENT AND GENERAL MANAGER, DICKINSON READY MIX
